8

General specifications

- All characters are 1/8" high, upper & lower case. Please specify if all capital letters are desired.
- The legend plate inserts and the fixed legend plates are silver-grey anodized aluminum.
- All special engravings involve engraving the desired lettering into the metal surface and then treating the engraved surfaces with black ink.

Ordering custom engraved nameplates

- Select the desired legend plate.
- Indicate the catalog number.
- Write the desired words to be engraved on each line.

EXAMPLE:

CBK-NPE28P-03

- OFF
- HAND
- AUTO

"CBK-NPE28P" is the blank legend plate catalog number. "B" indicates that the black side of the plate is to be engraved. "03" refers to the layout of text (see dimension illustrations above).

① For drilling plans, see page 8.61.

② Finish: A = brushed aluminum; B = black plastic face with white letters; BA = plastic with brushed aluminum finish; W = white plastic face with black letters.
